BrightHouse to offer customers more ways to pay

Welwyn Garden City, 08 February 2019: PayPoint has signed an agreement with rent-to-own company, BrightHouse, that will enable its customers to make their repayments at any of PayPoint's 28,000 retailers nationwide; a store network larger than all banks, Post Offices and supermarkets combined.

BrightHouse is the largest rent-to-own company in the UK, operating in over 270 high street stores and online. It provides top branded household goods to customers with the option to spread their payments over one, two or three years with a monthly or weekly payment plan tailored to their budget. With 99.3% of the UK population being within one mile of a PayPoint store, the integration with PayPoint's network means that customers now have more control of where they make their payments, 7 days a week, from early til late.

Lewis Alcraft, Commercial Director at PayPoint, said "This agreement marks our continued efforts to provide convenient ways for people to make essential payments and to help control their household finances. We're pleased to be working with BrightHouse, giving customers the flexibility to choose from thousands more locations when they want to make a payment".
