One Stop renews partnership with PayPoint

Great customer experience and smooth operations for retailers a result of the 25-year partnership

Welwyn Garden City, 4th February 2020: One Stop and PayPoint today announced the renewal of their 25-year-long partnership. The arrangement allows One Stop sites to serve their local communities with facilities for paying household bills, topping up mobile and digital accounts, and a host of other services.

One Stop's long-standing relationship with PayPoint began 25 years ago and now sees millions of transactions processed each year across 800 stores.

With the service integrated into One Stop's EPoS system, staff can serve customers on multiple till lanes, conveniently and during all opening hours.

Lewis Alcraft, Chief Commercial Officer, PayPoint, commented: "We are thrilled to be extending our partnership with One Stop, meaning customers can continue to access cash payment services throughout their store network, bringing important footfall to the stores and supporting the local community."

Jonny McQuarrie, Managing Director for One Stop said: *"We strive to offer the best services for all our customers and our partnership with PayPoint allows us to do exactly that."*
