PayPoint and obconnect win Best Open Banking Partnership at 2023 Open Banking Awards

Welwyn Garden City, 26 October 2023: PayPoint and obconnect have been announced as the winners of the Best Open Banking Partnership – Consumer, at the 2023 Open Banking Awards.

Voted on by over 50 industry leaders, PayPoint and obconnect won the award for their Open Banking solutions which have transformed the way payments are processed and received.

These include: devising a solution that allows individuals to easily collect their EBSS (Energy Bill Support Scheme) payments either in cash from PayPoint stores or receive funds directly into their bank accounts using Open Banking, leading the way in promoting financial inclusion by providing the ability for consumers to top-up their Utility pre-paid meters using Payment Initiation Services (PISP), and doubling down on OpenPay – a unique cost-effective alternative to cheques and bank transfers.

Danny Vant, Managing Director – Client Services at PayPoint said: “We’re thrilled to win this award, which is testament to the respective teams at both PayPoint and obconnect who have worked incredibly hard to create tools that promote financial inclusion.

“While it caps an incredible achievement, we remain determined to continue pushing the boundaries in the payments sector that allow for the swift, accessible and easy process of payments.”

Darran Morford, Director and Co-Founder at obconnect said: “The win at the Open Banking Expo awards is an affirmation of our vision and the tireless dedication of our phenomenal team.

“Our industry leading technology solutions have transformed the payment industry, and this milestone will continue to motivate the team to provide even greater innovation and value.”
