PayPoint One hits 12,000 store milestone

Welwyn Garden City, 24 January 2019: PayPoint today announced that there are now over 12,000 stores using its PayPoint One platform.

Launched in 2016, PayPoint One is the market-leading, all-in-one retail services platform, delivering the full benefit of advanced cloud-based EPoS technology, contactless card payments and PayPoint services, such as bill payments and Collect+. With three levels of functionality – Base, EPoS Core and EPoS Pro - PayPoint One offers everything that a modern convenience store needs. The 12,000 milestone means over two thirds of PayPoint's independent retailers have now converted to the new platform. PayPoint's legacy yellow terminal will be retired during 2019.

Lewis Alcraft, Commercial Director for PayPoint, commented: *"We're very proud of this latest milestone as it further demonstrates our retail partners' appetite for adopting exciting new technologies for their stores. Feedback on PayPoint One has been extremely positive and it's great to see a fast-growing number of retailers benefitting from the enhanced experience and business efficiency that PayPoint One offers."*
